Expect a call/visit from Census staff to determine an enumeration method and any unique needs of your Group Quarter. 2/3/2020 - 3/6/2020

Census Day – Make sure to let your residents know they will be included in the count. 4/1/2020

eResponse – This digital enumeration option begins Census Day and ends May 1st. 4/1/2020 - 5/1/2020

You can expect your Group Quarter to be enumerated during this time frame.

2. HOW will my facility be counted?

Residency Criteria:
- People in general or Veterans Affairs hospitals (except psychiatric units) on Census Day, including newborn babies still in the hospital on Census Day are counted at the residence where they live (or will live) and sleep most of the time.
- People in mental (psychiatric) hospitals and psychiatric units in other hospitals (where the primary function is for long-term nonacute care) are counted at the hospital or healthcare facility.
- People in assisted living facilities where care is provided for individuals who need help with the activities of daily living but do not need the skilled medical care that is provided in a nursing home are counted at the residence where they live and sleep most of the time.
- People in nursing facilities/skilled-nursing facilities (which provide long-term nonacute care) on Census Day are counted at the facility. Staff members are counted where they live and sleep most of the time.
- People staying at in-patient hospice facilities on Census Day are counted at the residence where they live and sleep most of the time.
- If patients or staff members do not have a usual home elsewhere, they are counted at the hospital or healthcare facility.

3. WHAT can I do to help?

- Identify: Special instructions and unique needs of healthcare GQs in your community and share this information with Census staff.
- Coordinate: Work with Census Bureau staff to ensure receipt of the most updated list of healthcare GQs and their Points-of-Contact.
- Invite: Census Staff to your meetings to present updates.
- Identify: Healthcare Group Quarters and share this information using the GQ & TL Add Template.
- Recruit: Help the Census Bureau recruit staff who have worked with this population.
- Inform: Those living in healthcare facilities when/how they will be counted and explain why an accurate Census count is important.

4. WHO can I contact?
